

Due to the limited space available in the restaurant at The League, we advise that participants arrange to either go out to a nearby restaurant or to arrange for lunch delivery. We have arranged for a space to be set aside for those who bring their own lunches or who arrange for takeout/delivery.

We have compiled a list of a few restaurants in the area that have delivery services to make lunch plans less stressful. We have not made any arrangements with these restaurants nor are we necessarily endorsing them over others. This is a list of restaurants that are walking distance from the Michigan League and/or that deliver.

Restaurants that offer vegetarian options are marked with “✓”, those with vegan options are marked with “🌱”, and restaurants with gluten free options are marked with “GF”.
