

Center for Russian, East European, and Eurasian Studies (CREES)

Winter 2017 Graduate-level Courses

The following list includes courses relating to Russia, Eastern Europe, and Eurasia, many of which can be applied to REES graduate degrees. Courses marked as REES approved will count toward the master's or certificate degree programs. REES related courses require approval from the REES advisor to be applied to a degree (and may satisfy geographic or discipline distribution requirements with advisor approval). Longer descriptions and additional information for each course can be found in the U-M schedule of classes (<http://ro.umich.edu/schedule/>). Please note that course descriptions may change, courses may be added or removed after the publication of this list. Please inform us if we need to make any corrections. Courses marked with an asterisk (*) can be used to meet the department's upper-level graduate research seminar requirement.
