
South Asian Course Offerings for Fall 2013

The following courses cover South Asia to varying degrees, from 25% to 100%.

For Center MA students, for a course to count toward the degree course requirement, at least one-third of your effort (e.g., papers, readings) must be related to South Asia. Verify with the instructor that you will be able to meet the requirement for courses you elect with less than 100% area content.

Some 400 level courses carry graduate credit, others do not. It is up to the student to determine the credit status of the course.

Due to frequent changes in times and locations, we are no longer listing that information. Please consult the online course schedule. We have noted restrictions on enrollment; please check footnotes carefully.
