Study Abroad Grant

Program Summary
Grants are awarded on a competitive basis to support a study abroad program in Thailand OR a study abroad component of a course with significant Thailand-related content.

Preference will be given to proposals for courses that promote or require language learning. Interdisciplinary and team-taught courses are encouraged. Items that would be appropriate for Center funding include, but are not limited to:

- assistance in student travel expenses;
- assistance in faculty leader travel expenses;
- site exploration or development;
- temporary assistance with logistics and planning.

Eligibility
Full-time University of Michigan faculty, staff, librarians, and curators who will be teaching courses are eligible.

Application Procedure
Please electronically submit the following materials to cseas@umich.edu in addition to the online application form.

Funding rationale:
Course information (including: title of the course, term it is offered, projected enrollment, and proportion devoted to Thai or SEA studies);
Itemized budget.
