The Comprehensive Studies Program is a community of scholars - faculty, students, advisors, and staff - organized around the principles of diversity, access, equity, and inclusion. Together we promote academic excellence and champion personal growth and wellness for all students within the community and the University of Michigan at large.
What is CSP?

We are a non-residential, Michigan learning community of scholars in all schools and colleges across UM:

● To ensure all CSP students **graduate**
● Focus on student success including diversity, access, equity and inclusion.
● Over **3000** CSP students
CSP supports students in many facets of their journey. CSP offers:

- Academic Advising
- CSP Courses
- Supplemental Instruction & Tutoring
- Mentoring
- Financial Aid Advising
- Counseling
Administered by CSP, the Summer Bridge Scholars Program (SBSP) is a 7-week residential, academic program that bridges the gaps in opportunity created by inequitable systems in education. We give scholars a competitive edge as they enter the fall by providing scholars with an opportunity to...

- build a sense of belonging and confidence in their ability to navigate the U-M community
- develop a strong and sustainable network of peers, staff and faculty at U-M
- complete a total of 6 credits in academic coursework
- connect with and utilize university resources across campus
Why was I selected for SBSP?

- All admissions decisions were made by the Office of Undergraduate Admissions after a holistic review of your application.

- #1 reason you were selected for SBSP and U-M: You were a top student at your high school and submitted a strong U-M application.
Why was I selected for SBSP?

● Other reasons that you *may have been* selected for SBSP:
  ○ First-generation in your family to go to college
  ○ Geography
  ○ Size of high school or community
  ○ Limited access to test prep or AP/IB courses at high school
  ○ Info shared in essays and recc letters
  ○ And more!
All students will earn 6 credits by registering for 2 courses:

- CSP 100 - Seminar in Academic Engagement (3cr)

AND one of the following courses:

- CSP 103 - Foundations in Quantitative Reasoning (3 cr)
- CSP 105 - Writing and Culture Seminar (3cr)

This is your first semester of college. All courses offered count towards specific U-M degree requirements and grades count towards your overall GPA.
This semester, you will engage in:

- Individualized Academic Advising
- Advising Workshops
- Individual and small group time with faculty
- Make connections with campus partners
- Peer mentorship
- Individual and group tutoring
- Small and large community events
The program runs from June 25-August 19.
