As we embark on another Academic Year, we take a moment to thank our students for their hard work throughout the years and wish them well on their next chapters. This year, on April 27th, 2018, we celebrated the accomplishments of seventy-nine graduating seniors. History of Art supports three tracks to a degree, and of those:

- **Forty** students were History of Art Majors, who fulfilled a set of requirements (chronological, geographical, and methodological) en route to the BA.
- **Twenty-three** were double majors who decided to combine History of Art with a surprising array of fields.
- **Thirty-one** of our seniors chose to minor in History of Art.
- **Fifteen** minored in Museum Studies, an interdisciplinary track housed in art history but attracting students from all over the university.

Congratulations, all!

**Summer 2018 Internships**

Every year, History of Art and Museums Studies students take on new and challenging opportunities at museums and institutions throughout the country - and sometimes beyond. These internships are often life-changing experiences, and we aim to support these students by offering scholarships for this very purpose.

Summer of 2018 saw our students traveling the globe to a variety of institutions; [click to read](#) each student's account of how they spent their time.
