

## SOPHOMORE HONORS AWARD

The Sophomore Honors Award was created to encourage students to take full advantage of the opportunities in the Program and to recognize outstanding achievement during the freshman and sophomore years.

1. Students must obtain a minimum grade point average of 3.7, with no grade below a “C” in any course.
2. Students must complete an average of two Honors courses per term during the first four terms (fall/winter) they are at the University of Michigan, including two semesters of Classical Civilization, Great Books, or approved substitutes.
3. Students must average 14 credits per term during the first four terms they are at the University of Michigan.
4. We also recommend (but no longer require) that students do some individual or small-group work on a reasonably advanced topic during the first two years. Independent research, enrollment in a Sophomore Seminar, or enrollment in a Collegiate seminar are excellent ways to gain this experience.
