14. Old Business (YES-NO-ABSTAIN)

a. [B F2021.11 Resolution Structure](#)

- i. Watt: Good evening. Every week we consider legislation, which could be resolutions to show our stance, to fund something, etc. This bylaw amendment will change the way our debate and resolutions looks. More specifically, this rephrases a few things regarding debate time, amendment process, ect. Ex. it doesn't distinguish between friendly/unfriendly amendments, talks about what tabling/postponement looks like, etc. Also put into the ideas of authors endorsers of resolution. It gives credit to individuals that wrote it as authors and those who wish to support.
- ii. Fioritto: Motion to call question by acclamation:
 1. Second: Watt
- iii. Since this passed, please change the format of your resolutions!
- iv. Watt: We don't need to do that now. Only when it is recorded in the bylaws, but you are welcome to do it now.

a. [B F2021.15 Prohibition of Unmentioned Powers](#)

- i. A bylaw that takes away "unmentioned powers," which essentially means the exec board can talk to the IRC to have secret abilities. The only thing that can come from this is exploitation, so we want to cut this entirely. I am a big fan of transparency and would like members to know what is happening within the government. If you would like to be a sponsor, suggest your name on the doc.
- ii. Point of Info: Even if we vote on this, people can still speak on this.
- iii. Fioritto: Motion to all by acclamation.
 1. Second: ?
 2. Consent

b. Motion to Suspend the Rules to allow for small group [discussions](#) on the State of the Government (Watt)

- i. Watt: Motion to table.
- ii. Salino: Second
- iii. Jordan: Motion to go back to Old Business and declare it passed unanimously.
 1. Second: Watt
 2. Consent

15. New Business

- a. [B F2021.16 A Resolution for the Use of LSA Student Government Office to be a Place Where Voting Members Display Cultural Diversity](#)
- i. Burgaj: Ron. He/Him. Basically we are trying to live up to the messages of anti-racism and believe this right here is a great step forward. Essentially we came together and tried to find ways to promote anti-racism and after lots of feedback/ideas, we came up with this wonderful idea.
 - ii. Nelson: We came up with the idea to have a portion of the wall in the office for voting members to display their cultural identity. Be within reason, but everyone should be able to showcase who they are. Basically the resolution says what the LSA office can be used for.
 - iii. Burgaj: We want to celebrate the university. After several meetings, we believe we came up with an excellent system to promote diversity. Would love your support and hope to pass it tonight. Would like to have a meeting tonight to discuss this. Please let us know your thoughts.
 - iv. Fioritto: In particular, this amendment wants any display of DEI to be in good faith and be something that each voting member can be proud of to display themselves.
 - v. Farah: This resolution points out that the VP is in charge of office space. Had a conversation with the MESA and there were many concerns. Worried that national affairs would be brought into the office. Are you aware that MESA is against this?
 1. Haven't had the chance to speak with them, but we received support from many student groups. There were members of exec that were supportive of this.
 - vi. Slack: "Good faith" and "within reason" is not specified, will it be specified?
 1. Nelson: We originally had a size maximum which was taken out. By good faith, we are hoping that there will not be malicious intent involved. And if there are national events happening, we hope it will not be used against one another.
 2. Burgaj: This is a form of expression and "good faith" will be defined later. We hope to work with the office and exec to get that figured out.
 - vii. Anna: Are you comfortable/feel the student body would be comfortable with the objectivity that the student government has?
 1. Fioritto: We agree that "good faith" can be better defined, but it can also be delegated for the VP to decide on a basis. We can also discuss this with groups on campus, with DAC, with IRC. Maybe table for a week and talk to MESA, if it's appropriate. I believe it's a good idea, but definitely can be better chiseled out.

2. Burgaj: We believe in the foundation of the student government. We received a lot of feedback. Various groups came today. We will have special meetings, but if it doesn't pass tonight, we will talk to people concerned.
- viii. Williams: Sounds a good idea, but reading through this, this definitely needs to be ironed. Point G declares that DAC can override VP. Feels a little shady and can create tension between the government. Continuing on, Part C, you mentioned the power to display items approved by the VP -- take the time to iron out what that could mean. If there is conflict inside the government, iron out what that would mean for everyone.
1. Nelson: Thank you for that. This is our first time writing a bylaw amendment, but thank you! We are taking everyone's thoughts. I want to go back to the previous speaker's comment, we are taking into account the happenings of the world, but you know, what's happening in the world doesn't have to affect us in the government. There's nothing wrong with showing nationality, even if countries are at war. There doesn't have to be tension.
 2. Burgaj: To echo, would love to see you at the special meeting. Had a long (2hr) conversation with government members last night. Appreciate the support and if it doesn't pass, everyone is welcome to the special meeting.
 3. Burgaj: We can come up with an unofficial size requirement.
- ix. Neff: List groups in support?
1. Burgaj: Pan-African, Indian students, Jewish students, Polish, etc.
- x. Stoneman: Thank you for presenting. Exciting to see people take on a bylaw amendment. Would like to echo that giving this another week would be useful. A special meeting is a good idea and IRC would be a great place to talk about this. Would like to ask, going back to the previous question, would you say the majority of support has come from your individuals from different backgrounds or established student organizations?
1. Burgaj: Yes to both. When it comes to these orgs, they are made up of students. Several of these students are on eboards of orgs. For everyone that's spoken, I would love to make time to talk this out with you.
- xi. Farah: Glad to hear the idea of including movements like BLM and that we support. The stated goal is anti-racism, and my question is, how can you reconcile the goal of doing anti-racism and to have a sponsor who contacted DPSS in order to display a personal flag in the office space without VP consent.
1. Burgaj: This is coming from someone who has a history of dishonesty. And point of parliamentary procedure.

2. Stoneman: Point of Order. That's not a parliamentary procedure.
 3. Burgaj: That question wasn't about the issue, but is a personal attack.
 4. Stoneman: Then it would be directed to the chair and the chair makes a decision.
 5. Burgaj: I said point of parliamentary procedure because it was a personal attack.
 6. Kayla: What was the question?
 7. Burgaj: I want you to be aware that that was an ad hominem and a personal attack.
 8. Stonemane: That would be a point of order, not parliamentary procedure.
 9. Kayla: I rule the question was relevant and cannot be responded back with a personal attack.
 10. Burgaj: We can discuss, but I ask you to keep microaggressions out of it.
 11. Watt: Clarification, on the resolution, it is up to the VP and two DAC members to determine what can be in the office.
 - a. Nelson: we are willing to adjust
- xii. Neff: While we cannot pass this unanimously voting to suspend the rule, can we still vote on the bylaw?
 1. Kayla: If we unanimously suspend the rule, we can go into voting.
- xiii. Fioritto: Motion to table by one week.
 1. Nelson: Second
 2. Consent.
- b. [B F2021.17 An Amendment to the First Chapter of the Bylaws and the First Chapter of the Election Code Incorporating the Election Code as Part of the Bylaws](#)
 - i. Mostly a change in wording to officially state that the election code is a part of the bylaws. Fun fact, we have two elections per year, 15 rep in fall and 15 rep in winter. It's important this is properly in place. Typically tabled for one week.
 1. Mithun: Table for one week.
 2. Second: William?
 3. Consent
- c. [R F2021.08 A Resolution Advocating for Action on Behalf of Students Displaced by "The One" Living Community](#)
 - i. The One, off campus housing, was listed by the university on their off campus website. Over 600 people bought into this property and started leasing from them. At the start of this term, students tried to move in, but the company said it's not done yet and will need to go elsewhere. A lot of these students ended up in a hotel or had to go home. The company gave a recompense of 50-100 dollars and recently, students had sent a letter to the dean of students for aid asking to be able to continue to go to class without the added stress of these living arrangements.

They discussed transportation because the buses provided take forever to get onto campus and often cannot make it to their class on time. The One is still listed on the university website and needs to be removed. Students are also having a hard time getting the meals they paid for. They are asking the university for accommodation (ex. meal swipes). A lot of them would like virtual options because it's difficult going back and forth.

- ii. Watt: Believe it's fantastically written for his first resolution. Wanted to note, I am very impressed.
- iii. Neff: Does the request for virtual option extend as far as they are not in their living place or is that a request as a whole?
 1. Believe it's for the moment. We can specify it on the resolution
 2. Neff: No need to change, was just asking for clarification.
- iv. Stoneman: Echo the first speaker. Wonderful to see someone take this on and write a resolution. Recommend people to write resolutions on things they're passionate about.
- v. Vince: This is great to be tackling. There is someone who is in my co-op who isn't in my co-op. She's living in my living room for the next two weeks. She signed for this yet has no place to live now.
- vi. Farah: Also really impressed. I care a lot about housing and I'm really excited that this is being written. I know some of these that have been displaced that are looking for legal support. Does the resolution request the university to provide support?
 1. Funny you mention that, talk to someone about it today and would be open for advice. Is there a specific office we can contact?
 - a. Farah: Student legal services is a great place to reach out to. Ann Arbor's Tennat org. City Council members.
- vii. William: Can we amend this right now?
 1. Kayla: Yes
- viii. Tedrick: Do we suspend the rules and pass tonight?
 1. Kayla: Not necessary for resolution.
- ix. Williams: Hoping to pass tonight. It's a critical issue and we want to help these students.
- x. Motion to call question by acclamation
 1. William: Deny, amending right now.
- xi. Zachariah: Friendly amendment: office of student legal services instead of office of legal affairs; also, have a footnote to their website
- xii. Motion to recess by two seconds.
 1. Second: Watt
- xiii. Neff: Motion to vote by placard

1. Watt: Second
2. Consent
- xiv. Juliao: Motion that it passed unanimously.
 1. Second:
 2. Consent

16. Matters Arising

- a. Zackariah: See our committee schedule: bit.ly/LSASGSchedule
 - i. Thank you all for coming, encourage you all to come to committee meetings! It's linked above. Show up, listen, pitch some ideas. Very excited to see you all there!
In the LSA Office in the LSA Building.
- b. Tedrick: There's a bit of tension, but having Dean Curzan here has really shown us what we're really here for: LSA Student Body. Keep your eyes peeled for issues!
- c. Fioritto: For any bylaws that didn't pass, come to IRC! Sunday 3:30-4:30pm.
- d. McLean: Apply to be an appointed rep! It will be awesome. Also, formal general next week.
- e. Rich: Again, I took pictures and if you do not want to be on instagram, please come talk to me.
- f. Stoneman: Thank you to AAC vice for minutes.
 - i. Zhao: um.
- g. Watt: Thank you to all of our constituents! You are why we do this! If you go to three of five meetings, you become an associate rep! Very easy to be involved.
