

# WHAT IS INDUSTRY INSIDERS?

Industry Insiders is an opportunity to **come to campus** as an expert in your field. Join your LSA alumni peers from across the country in a **round-robin networking event** to engage with undergraduate LSA students who are interested in an introduction to, trends within, and strategies for **breaking into your industry**.

## HOW CAN YOU CONTRIBUTE?

### 1 IMPACT LSA STUDENTS

Introduce students to your industry, share the skills and experiences it takes to succeed in the field, and connect students to opportunities to join your organization.

### 2 EXPERIENCE THE HUB

Visit our space and meet with the team at the LSA Opportunity Hub to learn how they are influencing the undergraduate experience in the college.

### 3 ENGAGE WITH PEERS

Share the stage with other industry experts from across the country and engage with LSA alumni and students during your visit to campus.

## WHAT TYPE OF PARTICIPATION WORKS FOR YOU?

### 1 "I CAN GIVE TWO HOURS."

Attend Industry Insiders, the round-robin networking event, where sharing your perspective is most impactful to our students.

### 2 "I CAN GIVE AN AFTERNOON."

We love sharing the Hub story with our alumni. Join a small group of Hub, LSA, or faculty members for lunch.

### 3 "I CAN MAKE A DAY OF IT."

Let us collaborate with your recruiting team to personalize an opportunity to connect with students while you're on campus.
