

10/27/22

Here are courses listed for winter 2023 that meet PPE reqs (beyond prereqs and honors). Also some theme ideas on next page. If you find errors or omissions or broken links, please let us know (ppe-advising@umich.edu).

If you see (weeks and weeks after enrolling, and after you've declared PPE) that one of these courses is not reflected in your online checklists, tell us so we can make your course count.

Your checklists might erroneously count a single course for two PPE requirements. Please check for this, because double-counting is not allowed, even if the checklist says so. You will have to let us know the single requirement for which you wish to use the course, and we can correct your checklist.

----- SOME THEME IDEAS (among many many more) ON NEXT PAGE -----

----- **SOME THEME IDEAS** (among many many more) -----

*These caught an eye as we read through the course guide.
Meant to help you escape ruts, not meant to create them.
Remember: you need two 400+ and one 300+ ≥3-credit courses,
which cohere but aren't too redundant, and
relate (loosely) to some aspect(s) of
ethics, choice, gov't, production, or consumption;
you need to draw courses from two different disciplines
(e.g., two LSA depts, or two UM colleges)—
not limited to phil, polsci, and econ depts; and
you need to get your plan approved by a PPE advisor
(typically in your junior year)—so these courses are
not hereby guaranteed to count for your theme.
Use the keyword section of the course guide!*
