**Curriculum Guide: Development, Psychopathology, and Mental Health**

This Curriculum Guide is not a major or minor plan; it is a list of recommended courses for students interested in the development and mental health of children, adolescents, and adults, and includes areas such as developmental psychology, clinical psychology, social work, human development and family studies.

**Note on Pre-requisites:** Many of these courses have pre-requisites. Please refer to the current LSA Bulletin or course guide for information regarding which courses are required. It is important that pre-requisites are taken early in a student’s academic career so that they will be completed in time to take the desired course.

**Breadth Courses**
These courses are recommended to be taken early in the student’s major plan as they serve as prerequisites to many upper division courses.
- 250 Introduction to Developmental Psychology
- 270 Introduction to Psychopathology

**Lab Courses**
The following courses may be used to satisfy a major lab requirement.
- 307 Directed Experiences with Children
- 317 Community Based Research (AMCULT 306)
- 319 Empowering Families and Communities (AMCULT 319)
- 351 Advanced Laboratory in Developmental Psychology
- 371 Advanced Laboratory in Psychopathology
- 383 Introduction to Survey Research I (SOC 383)

**Upper Division (300-499) Psychology Courses**
Students are advised to take as many upper-division courses as possible to fulfill the major credit hours. Most students wishing to specialize in this area are advised to take more than the minimum 34 credits required.
- 316 The World of the Black Child (CAAS 331)
- 345 Introduction to Human Neuropsychology
- 349 Talking Minds (LING 347)
- 352 Development of Language and Thought (LING 352)
- 353 Social Development
- 355 Cognitive Development
- 359 Psychology of Aging
- 336 Drugs of Abuse, Brain and Behavior
- 456 Human Infancy
- 457 Current Topics in Developmental Psychology
- 358 Psychology of Adolescence
- 474 Introduction to Behavior Therapy
- 477 Current Topics in Clinical Psychology
- 478 Clinical Psychology
- 488 Sociological Analysis of Deviant Behavior (SOC 465)

**Interdisciplinary Courses**
These courses, found across the university, are recommended to give students a broad, interdisciplinary background in the area of development, psychopathology, and mental health. Students should consider how these courses may be used to satisfy other degree requirements (e.g., Area Distribution credit, Race and Ethnicity, Quantitative Reasoning, and Upper Level Writing Requirements).
- AMCULT 205 American Cultures
- AMCULT 304/ SOC 304 American Immigration
- ANTHRCUL 325/ WOMENSTD 324 Childbirth & Culture
- ANTHRCUL 347/ AAS 420 Race and Ethnicity
- COMM 482 Children and the Media
- *MOVESCI 423/ *KINESLGY 423 Sensorimotor Development
- *MOVESCI 424/ *KINESLGY 424 Human Movement & Aging: Changes in Sensorimotor Control
- *MOVESCI 425/ *KINESLGY 425 Motor Behavior and Developmental Disabilities
- *MOVESCI 443/ *KINESLGY 443 Human Movement and Aging: Hormones and Nutrition
- SOC 302: Health and Society: An Introduction to Sociology
- SOC 344 Sociology of Families
