TEACHING WITH ePORTFOLIOS: SUPPLEMENT 3

In-Process Artifact Reflections

For each artifact you collect, write a reflection that takes into account the following questions.

1. What was the initial context of the artifact?

2. What skills was it meant to develop?

3. How did you feel about creating it?

4. What one or two problems did you encounter with it & how did you address them? What specific part of the artifact demonstrates your problem-solving?

5. What does the artifact demonstrate about your skills/values/competencies?

6. What did you learn by completing it?
