

## Prehistoric Origami (Hard)

### MATERIALS

- Origami paper
- Patience

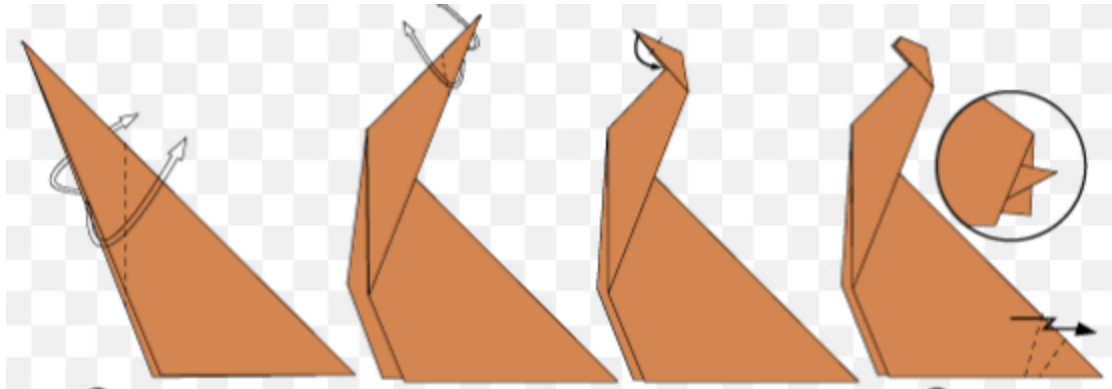

### BRACHIOSAURUS INSTRUCTIONS

1. Fold in half on the diagonal to make a center crease and unfold.
2. Fold in edges into the center.
3. Fold in half.

4. Fold the neck of the dinosaur upwards
5. Open up the shape and because of the crease it will create the neck of the brachiosaurus.
6. Fold in the top of the neck to make a head.
7. Fold the tip of the head in to make the nose flat.
8. Fold in the tail and then fold out to crimp it.
9. Push in the tail so that it sticks out a tiny bit.

10. Use a pen to draw a line where you are going to cut out.
11. Draw another line at the bottom that will be cut out.
12. Cut out the shapes that you drew.
