

What is Wolverine Access?

Wolverine Access is a quick, convenient way for University of Michigan’s prospective, entering, and continuing students and their families to access student records on the web. This password-protected site allows you to check admission status, manage your financial aid, view your student bill, and set up direct deposit. You may also authorize up to four friends or family members to have access to your account.

To use Wolverine Access, visit: <https://wolverineaccess.umich.edu>

Select the Students tab, then New & Prospective Student Business. On the authorization page under “Need a Login ID?”, click on “create one now” and follow the “others” link to set up a friend account for yourself.

RECEIVING YOUR U-M UNIQQNAME

Entering students: After you have paid your enrollment deposit, you will receive a U-M unqqname so you can enter Wolverine Access through the Student Business section instead of New & Prospective Student Business. This will allow you to view information you will need as a U-M student, including your student bill and how to sign up for Direct Deposit.

To sign up for Direct Deposit: On the Self-Service menu, under Payroll and Compensation, select “direct deposit.” Enter your financial institution’s routing and account numbers here.

UNDERSTANDING YOUR STUDENT ACCOUNT AND BILL

The U-M student account statement (billing statement) is found on Account Inquiry > Charges Due tab.

⑥ The Summary of Charges Due for the first Fall semester **will not** yet reflect your financial aid.

⑦ To view the impact of financial aid, select the actual invoice from the list.

The bottom of the statement lists Pending Aid – remember that some scholarships, departmental aid, and private loan funds may not yet be listed.
