

21 March 2017

## CURRICULUM VITAE

Barry M. OConnor

### Personal

Born November 9, 1949, Des Moines, Iowa, USA  
Citizenship: USA.

### Education

Michigan State University, 1967-69. Major: Biology.  
Iowa State University, 1969-71. B.S. Degree, June, 1971, awarded with  
Distinction. Major: Zoology; Minors: Botany, Education.  
Cornell University, 1973-79. Ph.D. Degree, August, 1981. Major Subject:  
Acarology; Minor Subjects: Insect Taxonomy, Vertebrate  
Ecology.

### Professional Employment

Research Zoologist, Department of Zoology, University of California,  
Berkeley, California; October, 1979 - September, 1980.  
Assistant Professor of Biology/Assistant Curator of Insects, Museum of  
Zoology, University of Michigan, Ann Arbor, Michigan; October,  
1980 - December, 1986.  
Associate Professor of Biology/Associate Curator of Insects, Museum of  
Zoology, University of Michigan, Ann Arbor, Michigan; January,  
1987 - April 1999.  
Professor of Biology/Curator of Insects, Museum of Zoology, University of  
Michigan, Ann Arbor, Michigan; September 1999 - June 2001.  
Professor of Ecology and Evolutionary Biology/Curator of Insects, Museum of  
Zoology, University of Michigan, Ann Arbor, Michigan; July  
2001-present  
Visiting Professor, Escuela Nacional de Ciencias Biologicas, Instituto  
Politecnico Nacional, Mexico City, Mexico; January-February,  
1985.  
Visiting Professor, The Acarology Summer Program, Ohio State University,  
Columbus, Ohio; June-July 1980 - present.

### Honors, Awards and Fellowships

National Merit Scholar, 1967-71.  
B.S. Degree awarded with Distinction, 1971.  
National Science Foundation Graduate Fellowship, 1973-76.  
Cornell University Graduate Fellowship, 1976-77.

Tawfik Hawfney Memorial Fellowship, Ohio State University, 1977.  
 Outstanding Teaching Assistant, Cornell University Department of Entomology, 1978.  
 President, Acarological Society of America, 1985.  
 Fellow, The Willi Hennig Society, 1984.  
 Excellence in Education Award, College of Literature, Science and the Arts, University of Michigan, 1995  
 Keynote Speaker, Acarological Society of Japan, 1999.  
 Excellence in Concentration Advising Award, College of Literature Science and the Arts, University of Michigan, 2006

### Grants

Grant, Curation of Astigmatid mites in the Canadian National Collection, Canacoll Foundation, 1978.  
 Faculty Research Grant, "Systematics of North American Glycyphagoid Mites," Horace Rackham School of Graduate Studies, University of Michigan, 1981.  
 Grant, "Phylogenetic analysis of the Hemisarcoptidae (Acari: Acariformes): interspecific and intraspecific variation in morphological characters and its evolutionary significance," National Science Foundation (BSR-8307711), 1983-86 (with M. A. Houck).  
 Research Partnership Award, Historical ecology of mite communities in phytotelmata. Horace Rackham School of Graduate Studies, University of Michigan, 1989-90 (with R. Naczi)  
 Grant, "Modernization of collection facilities of the University of Michigan Museum of Zoology Insect Division," National Science Foundation (DEB 9312166), 1994-96. (\$314,913).  
 Grant, "Systematics, Ontogeny and Ecology of the family Acaridae," National Science Foundation (DEB-9521744), 1995-2000. (\$550,816), with REU supplements, 1997-8 & 1998-9, 1999-2000 (\$5,000 each).  
 Grant, "Transfer of the Atyeo collection of parasitic mites from the University of Georgia to the University of Michigan and modernization of collection facilities for the ectoparasite collections of the Museum of Zoology," National Science Foundation (DEB-9727898), 1998-2000 (\$65,489).  
 Grant, "Phylogeny and Historical Ecology of Mite Parasites of Vertebrates (Acari: Dermanyssoidea and Sarcoptoidea)." National Science Foundation (DEB-0118766), 2001-2006 (\$688,143).  
 Grant, "Systematics and Ecology of North American Bee-associated mites: Potential Threats to Native and Introduced Pollinators." US Department of Agriculture (CSREES-2002-35302-12654), 2002-2004 (\$210,000).

Grant, "Phylogeny of the house dust mites and relatives: evolution or devolution of parasitism?" National Science Foundation (DEB-0613769), 2006-2009 (\$450,000).

### Teaching Experience

Cornell University Teaching Assistant, 1973-74; 1977-79.

(Insect Morphology; Aquatic Entomology; Acarology)

Ohio State University, The Acarology Summer Program, 1977; 1980 - present. (General Acarology; Medical-Veterinary Acarology; Agricultural Acarology)

University of Michigan, 1980 - present. (General Biology -Evolution and Animal Diversity; Parasitology; Acarology; Coevolution Seminar)

Escuela Nacional de Ciencias Biologicas, Mexico City, 1985. (Evolucion y aspectos economicos de los acaros Astigmata)

### Professional Societies

Entomological Society of America

Acarological Society of America

New York Entomological Society

Michigan Entomological Society

American Society of Parasitologists

Willi Hennig Society

Michigan Academy of Science, Arts and Letters

Natural Science Collection Alliance (formerly, Association of Systematics Collections)

### Honorary Societies

Phi Kappa Phi

Sigma Xi

### Administrative Service

a. Internal University service

University of Michigan, Museum of Zoology: Executive Committee (3 terms), Publication Committee, Artist Review Committee, Internal Review Committee, other *ad hoc* committees.

University of Michigan, Department of Biology: Associate Chair for Curriculum (1993-5); Graduate Affairs Committee (2 terms); Curriculum Committee (chair, 1993-5); Executive Committee (2 terms) ; Master's Committee (chair, 1998); Nominating Committee (4 terms); Ph.D. Student Evaluation Committee (3

terms, chair, 1997); Ph.D. Admissions Committee (chair, 1992-3); ad hoc Promotions Committee; ad hoc Committee reorganizing introductory biology curriculum; group leader, Ecology, Evolution and Organismal Biology group (1991-3); EEOB executive committee; long range planning committee (1994).

University of Michigan, Department of Ecology and Evolutionary Biology: Associate chair for Undergraduate Studies (2008-2011); Transition team/Executive committee (2001-2002; 2005-present); Graduate Affairs Committee (2001-2003, chair, 2002-3); Promotions & Merit Committee (2003-2005; 2011-present); Search Committees (2001, 2008, 2009); Promotion & Merit Committee (2010-2016); Diversity Committee (2012).

University of Michigan, College of Literature, Science and the Arts & Horace G. Rackham School of Graduate Studies: various review panels for funding awards; Commencement Marshall, 1990, 2002.

University of Michigan: Institutional representative to the Natural Science Collections Alliance (1982-1989, 1997-2001).

#### b. External service

Natural Science Collections Alliance: (Institutional Representative, 1982 - 1989; 1997-2001; member executive board, 1997-1999)

Entomological Society of America: Section A (Systematics, Morphology & Evolution): secretary (1997), chair-elect (1998), chair (1999); Publications Council (1999-2005)

Acarological Society of America: Member, executive board (1984-7; 2000-2002); Program chair (1986); President (1987).

International Journal of Acarology: Member, editorial board, 1987-present; co-editor, 2003-present

Acarologia: Member, editorial board, 1991-present

Journal of Medical Entomology: editorial board: section A representative (1986-1996) and chair (1991 & 1996)

International Congress of Acarology: Member, executive board, 1998-2002, Executive Secretary, 2002-2006.

Acarina: the Russian journal of acarology. Member executive board, 2001-present.

#### Service on Doctoral Committees

University of Michigan Department of Biology/Ecology & Evolutionary Biology:

Joel Weichsel, Ph.D. 1987 - industry position

Bernard Crespi, Ph.D. 1987 - Simon Fraser University (Dept. Biol.)

James Fry, Ph.D. 1988 - North Carolina State University (Dept. Genetics)

Johannes Klompen, Ph.D. 1990 - Professor/Curator, Department of Entomology & Museum of Biological Diversity, Ohio State University (chair)

Brian Scholtens, Ph.D. 1990 - College of Charleston (S.C.) (Dept. Biology)

Lisa Vawter, Ph.D 1991 – Adventis Pharma

Paulo Buckup, Ph.D. 1991 - Brazilian National Museum, Rio de Janeiro

Robert Naczi, Ph.D. 1992 – New York Botanical Garden

Randall Evans, Ph.D. 1992 - Missouri Botanical Gardens

Jennifer Mansfield-Jones, Ph.D. 1995-University of Louisville

Sharon Jansa Ph.D. 1998 – University of Minnesota

Antonia Gorog Ph.D. 2003 - World Wildlife Fund

Teresa Friedrich Ph.D. 2003 – Riverside Community College

Ashley Dowling Ph.D. 2005 - University of Arkansas (chair)

Huijie Gan Ph.D. 2013

Jay Reed Ph.D. 2014

Pamela Murillo-Rojas - current

School of Natural Resources and Environment

Rebecca Bixby Ph.D. 2001 – Environmental consultant

Solomon David Ph.D. 2012 – Louisiana State University.

Department of Microbiology & Immunology:  
Jeffrey Banas, Ph.D. 1987 – University of Iowa

Postdoctoral Fellows (& current position)

Marilyn Houck, (1983-6) - Associate Professor, Department of Biology, & Curator of Invertebrates, Natural Science Research Laboratory, Texas Tech University, Lubbock, TX. (retired, 2003)

Kimiko Okabe (1995-1997) - Research Scientist, Forestry & Forest Products Research Institute, Ibaraki, Japan

Ronald Ochoa (1996-1998) – Senior Research Scientist, Systematic Entomology Laboratory, USDA, Beltsville, MD

Ariel Diaz (1999-2000) - Professor, Department of Biology, University of Puerto Rico, Cayey, Puerto Rico

Pavel Klimov (2000-2008) – Assistant Research Scientist, University of Michigan

Andre Bochkov (2003-2006) – Senior researcher, Zoological Institute, Russian Academy of Sciences, St. Petersburg, Russia.

Dong Lui (2013-2014) – Associate Professor, Northeast Institute of Geography and Agroecology, Chinese Academy of Sciences, Changchun, China

Invited Presentations

- Evolutionary origins of astigmatid mites inhabiting stored products.  
Symposium on Stored Product Acarology. Vth International Congress of Acarology, East Lansing, Michigan. August 6-12, 1978.
- Major patterns in the evolution of astigmatid mites. Acarological Symposium. Entomological Society of America, Atlanta, Georgia. November 30 - December 4, 1980.
- Acarine-fungal relationships: the evolution of symbiotic associations. Symposium on insect-fungus relationships. Entomological Society of America, Eastern Branch, Syracuse, New York. October 5-6, 1981.
- Phylogenetic relationships among higher taxa in the Acariformes, with particular reference to the Astigmata. Symposium on acarine evolution and speciation. VIth International Congress of Acarology, Edinburgh, Scotland. September 5-11, 1982.
- Comparison of coevolutionary relationships among the Acarine parasites of vertebrates. 34th Annual AIBS Meeting, Grand Forks, North Dakota. August 7-11, 1983.
- Coevolutionary patterns among astigmatid mites and arthropods. Symposium on acarine-arthropod associations: coevolutionary patterns and processes. Entomological Society of America, Detroit, Michigan. November 28 - December 2, 1983.
- Systematic collections as acarological resources. Informal conference, Acarological Society of America, Hollywood, Florida, December 8-12, 1985.
- Ecological factors influencing host associations of astigmatid mites. Acarological Symposium, Entomological Society of America, Reno, Nevada, December 7-11, 1986.
- Coevolution in Astigmatid mite-bee associations. International Conference on Africanized honey bees and bee mites, Columbus, Ohio, March 30 - April 1, 1987.
- Evolution of glycyphagoid mites in association with humans and other mammals. Symposium on stored product acarology and household mites of medical importance, XVIIIth International Congress of Entomology, Vancouver, Canada, July 3-9, 1988.
- Historical ecology of astigmatid mites inhabiting phytotelmata. Second international symposium on Phytotelmata, XVIIIth International Congress of Entomology, Vancouver, Canada, July 3-9, 1988.
- The North American Acarofauna: current status and future projections. Program symposium: Diversity and dynamics of the North American insect and arachnid fauna, Entomological Society of America, Louisville, Kentucky, December 4-8, 1988.

- Evolution of life history and reproductive patterns of astigmatid mites.  
Acarological symposium, Entomological Society of America, San Antonio, Texas, December 10-14, 1989.
- Astigmatid mites associated with insects in the Huron Mountains.  
Symposium on Invertebrates in Michigan, Zoology Section of the Michigan Academy, Albion, Michigan, March 9, 1990.
- Morphological and ecological adaptations for dispersal in astigmatid mites.  
Acarological Symposium, Entomological Society of America, New Orleans, Louisiana, December 2-6, 1990.
- Phylogenetic perspectives on mite-insect interactions: the evolution of acarinaria. 9th International Congress of Acarology, Columbus, Ohio, 17-22 July 1994
- The acarid mites of long-tongued bees: ontogeny, phylogeny and coevolutionary patterns. Eickwort Memorial Symposium, Cornell University, 21-23 April 1995
- Historical ecology of the family Acaridae: phylogenetic evidence for host and habitat shifts. Xth International Congress of Acarology, Canberra, Australia, July 1998.
- Phylogeny and ecology of mites of the family Acaridae. Keynote address, 8th Annual meeting of the Acarological Society of Japan, Matsuyama, Japan, October 1999.
- Short Course on Acarine Phylogeny and Ecology. Institute of Environmental Science and Technology, Yokohama National University, Japan. October 1999
- Soil dwelling astigmatid mites: ecological shifts from patchy to continuous habitats. Acarological Symposium, Entomological Society of America, Montreal, Quebec, Canada, December 2000.
- Phylogeny of the Glycyphagoidea (Astigmata): evolution of deutonymphal parasitism. Symposium on Diversity and Ecology of Acari associated with vertebrates, XII International Congress of Acarology, Amsterdam, the Netherlands 21-26 August 2006.
- Phylogenetic relationships of the Sarcoptoidea (Acari: Astigmata) parasitic on mammals, evidence for polyphyly of the group. (with P. Klimov). XII International Congress of Acarology, Recife, Brazil 23-27 August 2010.
- Astigmatid mites associated with carrion habitats in North America. 7<sup>th</sup> Symposium of the European Association of Acarologists, Vienna, Austria 9-13 July 2012.
- Observations on the phylogeny of the family Canestriniidae, mites associated with Coleoptera. Symposium, "Mite and invertebrate symbiosis," XIV International Congress of Acarology, Kyoto, Japan, 2014

### Workshops Organized

Identification of mites of importance in agricultural quarantine. Australian Quarantine Inspection Service, Brisbane, Australia. 30 July – 3 August 2007,

Astigmatid mites of agricultural quarantine interest. Plant Health & Environment Laboratory, Investigation & Diagnostic Centres & Response, Auckland, New Zealand, 27 February – 1 March 2013
